[Reference article from ASAE](#)

The Association of Technology Leaders in Independent Schools will require all staff and registrants for ATLIS in-person meetings and events to provide proof of COVID-19 vaccination before the event via electronic means or onsite before entering the meeting venue. The only exemption to this policy will be religious or documented medical reasons. When this occurs, specific health protocols including pre-event COVID testing must be followed, and otherwise, attendees will not be admitted.

ATLIS will also require registrants to submit an Acknowledgment of Personal Responsibility upon registering for a meeting or event and to comply with any state, local, or event-specific mask mandates in place for indoor events until further notice. ATLIS advises masks be worn at all times while indoors when attendees are not eating or drinking.

ATLIS has the right to refuse admission to in-person events for failure to comply with the regulations outlined for the event either at the time of registration or the time of the in-person meeting or event.
